This book is designed for beginners of all ages, and it will teach you everything you need to know to get started with App Inventor. App Inventor is a free, web-based programming environment that makes it easy to create Android apps without having to write any code.

In this book, you will learn how to use App Inventor to create a variety of different apps, including:

- A simple calculator
- A game of tic-tac-toe

- A to-do list
- A social media app

You will also learn about the different components that make up an Android app, and how to use them to create your own apps.

Absolute App Inventor Android Programming For All Ages is the perfect book for anyone who wants to learn how to create their own Android apps. It is easy to follow, and it will teach you everything you need to know to get started.

What You Will Learn
