

# Beneath the Tamarind Tree: A Journey into the Heart of India's Rural Revolution

In the heart of rural India, beneath the shade of a tamarind tree, a group of women are quietly working to change the world. These women are part of a self-help group (SHG), a type of microfinance organization that provides women with access to small loans, training, and support. With the help of SHGs, these women are starting businesses, improving their homes, and educating their children. They are also becoming leaders in their communities, speaking out against injustice and advocating for change.

Beneath the Tamarind Tree is a book that tells the story of these women and their SHG. The book follows the women as they learn new skills, start businesses, and become leaders in their communities. The book is a powerful reminder of the strength and resilience of women, and it offers a glimpse into the challenges and opportunities that face rural India.
