Rocket Boys is a story about the power of imagination, the importance of perseverance, and the indomitable spirit of the human heart. It is a book that will inspire readers of all ages to reach for their dreams, no matter how big or small they may seem.

The book was written by Homer Hickam, one of the boys who helped to build the rocket. Hickam went on to become a NASA engineer and helped to design the Saturn V rocket that took the first humans to the moon. He is now a successful author and speaker.

Rocket Boys: The Coalwood Way has been made into a movie and a television series. The book has also been translated into more than 20 languages.

About the Author

Homer Hickam was born in Coalwood, West Virginia, in 1943. He grew up in a coal mining family and was fascinated by science and engineering from a young age. In 1957, he and a group of friends built a rocket that won first place at the national science fair. Hickam went on to become a NASA engineer and helped to design the Saturn V rocket that took the first humans to the moon.

After leaving NASA, Hickam became a successful author and speaker. He has written several books, including Rocket Boys: The Coalwood Way, which was made into a movie and a television series. Hickam has also spoken to audiences around the world about the importance of science, engineering, and education.
