"Stories on Fifty Years of Medical Care to the Montreal Canadiens" is a comprehensive and engaging account of the remarkable history of medical care provided to the Habs. Spanning five decades, from the 1960s to the present day, this book offers a fascinating glimpse into the advancements and challenges faced by the team's medical staff.

Through exclusive interviews with former team doctors, players, and administrators, the book chronicles the evolution of medical practices in professional hockey. From the early days of basic first aid to the cutting-edge technologies of today, readers will gain a deep understanding of how medical care has shaped the Canadiens' success.

Behind the Scenes with the Team's Medical Experts

The book features in-depth profiles of the renowned medical professionals who have dedicated their careers to the Canadiens. From the legendary Dr. Guy Larochelle to the current team physician, Dr. David Mulder, readers will learn about the pioneers who transformed hockey medicine and the dedicated individuals who continue to provide exceptional care to the players.

Case Studies and Exclusive Insights

"Stories on Fifty Years of Medical Care to the Montreal Canadiens" is not just a historical account but also a collection of compelling case studies. From the groundbreaking surgeries performed on Guy Lafleur to the innovative rehabilitation protocols developed for Carey Price, the book provides a glimpse into the real-life challenges and triumphs faced by the Canadiens' medical team.

A Must-Read for Hockey Enthusiasts and Medical Professionals

Whether you're a lifelong Habs fan, a medical professional, or simply fascinated by the intersection of sports and medicine, this book is a must-read. It's a testament to the dedication, innovation, and compassion that have defined the Canadiens' medical care for over half a century.
